

GYM LOCKER NEWS: The policy of locker use is for daily use only with exception as noted below. A lock may not be left on locker over night. Clothes or other items may not be left in lockers overnight without locks as well.

Gym Lockers for Bikers: Gymnasium Lockers may be reserved by submitting a signed letter or email from your Branch Head certifying that you commute via bicycle (foot propelled) a minimum of 3 times a week.

Send a copy of this letter or email to MWR Branch Chief at MS 35 for locker assignment. Please call Randy.B.Cone@NASA.GOV 864-9135 for more information.

Failure to follow the locker policy will result in your lock being cut off the locker and items being removed and placed in bags in the laundry room. If not claimed within 7 days from date of removal, items will become the property of the Exchange for appropriate disposition.
