Why or Why Not?	I tried your Habitat Takeout Service last Thursday, Feb. 4th. I ordered the Habitat Special for my family of four (children: boys ages 13 and 8). We chose for the chicken to be rotisserie. My sons - picky eaters - were very pleased with the chicken (and broccoli, rolls, and mashed potatoes). My husband NEVER eats rack of ribs -- and he DIDN'T SHARE yours!! He is a big fan of YOUR rack of ribs. There was enough food for our family for two nights. I just added some additional vegetables the second night. The barbecue, EVERYTHING, was very delicious. This is a great choice for us for a night when I don't have time to cook but would like a good, economical meal. I am super impressed at the quality of food we were able to get for a very good price. Thank you so much.

Why or Why Not?	Well the rib dinner take-out was recommended by a cafeteria staff member & I was highly satisfied with what I received.

Additional Comments	I was very impressed with my take-out rib dinner. The taste of the ribs were very delicious even though I like mine a little more saucy. The serving of the 2 sides I had was sufficient for 2, however because I am a broccoli lover I could eat that serving by myself. The rib portion 1-1/2 rack of ribs is very sufficient for 2.

Additional Comments	Only reason I gave Heating/Cooling 3 stars is because I am very cold nature but the overall in that area is very good,
